

HURRICANE PREPS

The City of Weston is prepared for hurricane season. Essential personnel gathered at the Emergency Operations Center to take part in a statewide training exercise. The City worked with Broward County and other municipalities to review various scenarios designed to give staff hands-on experience with the response and recovery process should a storm impact our area.

PLAY TIME

After much anticipation, the new state-of-the-art playground at Emerald Estates Park has opened. The wheelchair accessible facility features two separate play areas intended for ages 2-5 and 6-12. The interactive play structures contain details such as gears, tracks for Matchbox-style cars and realistic wildlife molded into the cave climbing structure.

CHAMPIONSHIP SEASON

The Weston City Commission recognized the Okapi Wanderers Rugby Club's JV team for winning the State Championship. Players were presented with certificates for their athletic accomplishments.
